

STOLEN

OUT of a Pasture in Sale, near the River Merley,
Cheshire, between seven and eight o Clock, on Tuesday
Evening last,

A small GREY Gelding GALLOWAY,

Seven Years old, twelve Hands three Inches High, has great Spirit and Action, Trots and Gallops well, Paces a little, and goes justly upon his Legs, tho' a little Sickle houghed; he is a most remarkable lengthy Horse for his Size, not very Handsome, but so well made, as scarcely to have a bad Point about Him, except that his Back may be thought too long. He was without Shoes when Stolen. A Man being seen to ride him at a great Rate, and being thin Hoofed, he will probably be very Lane, if Rode to any Distance without being shod.

Whoever shall give Information to CHARLES WHITE, Esq; of Manchester, so that he be had again, shall receive THREE GUINEAS reward, and all Expences repaid. Any BLACKSMITH who shall give Information of having Shod such a Horse, shall be Handsomely rewarded.

Manchester, Nov. 8, 1782.

N. B. This GREY GALLOWAY was got by Gimcrack out of a Welsh Poney, and has a vast deal of Bone.
